

# ELITZ JEWELS SIZER GUIDE

How to determine your Ring, Bangle and Necklace Size?

At ELITZ JEWELS, we want to ensure that your online shopping experience is as easy as possible. Whether you are buying a solitaire ring for yourself or a gorgeous eternity bangle for your better half, we understand the importance of getting the size right.

To help you find your accurate fit, here's a downloadable size chart. Simple to understand and easy to use, this will help you to shop with confidence because you know what you are looking for. All you have to do is download our chart and follow the instructions to determine your size.

This is a chart that will be extremely helpful for you to determine the ring size that you need. You can either make use of a tape or a small piece of string to measure the area that will be occupied by the ring. When it becomes a complete circle, make a mark on such string. This will be helpful for you to compare with the chart that is mentioned below. For extra width, you can add another size to accommodate.

## NECKLACE SIZE GUIDE

Our necklace length chart below covers most standard lengths you'll come across online for women's necklaces, pendants and chains. It will give you an idea of where each length is likely to sit on a woman's frame.

You should always consider what works best for you personally when it comes to jewellery: your own sense of style, build, colouring, etc.. And we're big fans of people breaking jewellery 'rules' as they see fit!

## POPULAR NECKLACE LENGTHS

Standard (or princess) length necklaces (usually 45cm or 18") are the most commonly worn length and will suit most situations. If you're looking for a necklace or pendant to wear day to day, then this is likely to be your go-to length.

This length will generally sit above the neckline for lower cut clothing or over the top of crew necked and other high-necked outfits. If you're wearing a pendant at this length it will sit in a pleasing V shape which will frame

#### Standard Necklace Lengths for Women

Women's necklaces are standardly sold in even-inch lengths. Follow this chart to learn where each necklace length falls on the average woman's body.

Size In Inches	Position on the Body
14" Necklace	Fits like a choker and wraps closely around the neck
16" Necklace	Falls perfectly around the base of the neck like a collar. On a petite woman it hangs loosely around the neck and falls just at the collarbone. On a plus size women it might sit more like a choker.
18" Necklace	A common choice for women that sits elegantly on the collarbone.
20" Necklace	Will fall just below the collarbone.
22" Necklace	Falls at or just above the top of the bust
